

CRITICAL INFORMATION SUMMARY – EFFECTIVE FROM 12 May 2016

Prepaid Plans for everyday National and International calls and SMS, and mobile data

Information about the service

- Lycamobile's prepaid mobile service allows you to make and receive calls, send and receive SMS and access mobile data.
- We only do prepaid Plans so you have no minimum commitment period and you don't have to take any other services from us.
- The default Plan is Pay As You Go where you top-up and only pay for what you use, or you can use your Lycamobile account balance to pay for a Monthly Plan where you get an allowance of minutes, texts and data to use in a month.
- Pay As You Go rates apply for usage which is not included in a Monthly Plan (such as roaming) or if you exceed your Monthly Plan allowance – this applies to mobile calls, SMS and data
- Monthly Plan allowances expire at midnight 28 days from the day of purchase (which is counted as the first day) and are immediately replenished subject to you having sufficient Lycamobile account balance for the next Monthly Plan payment – any remaining allowances will not be carried over into the next 28-day validity period.
- If you don't have enough Lycamobile account balance for your next Monthly Plan payment you will default to Pay As You Go.
- You can move back to Pay As You Go from a Monthly Plan while it is valid online via Quick recharge, My Lycamobile or by calling Customer Services but you will only be eligible for a refund if you have not used any Plan allowance, and you will lose any remaining Plan allowances.
- Important inclusions/exclusions:** 1) calls to 13XXXX and 18XXXX (6- digit) numbers are chargeable – see www.lycamobile.com.au/en/nationalrates for pricing; 2) Lycamobile prepaid service doesn't allow video-calling or sending/receipt of MMS.
